AN ADVENTURE OF A LIFETIME

We are delighted to share with you our exciting new Grand Voyage departing in January 2027 on board *Borealis*.

This extraordinary world cruise is an epic voyage of discovery, designed by our expert Journey Planners to combine iconic landmarks, diverse cultures and natural wonders.

A particular highlight is to be your visit to Japan, which is timed for fewer crowds and the chance to witness the beauty of the late plum blossom season (Ume). You can also explore ancient temples, take in breathtaking views of Mount Fuji, ride Osaka's bullet train and enjoy our maiden call into Shimizu. Another unforgettable high point will be four days in Hawaii, where you'll have ample time to explore volcanic landscapes, pristine beaches and lush rainforests.

This journey offers once-in-a-lifetime moments, from whale-watching in the Americas to witnessing Hong Kong's iconic skyline illuminated by the Symphony of Lights. You'll have the chance to visit Pearl Harbor, wander Singapore's futuristic Gardens by the Bay and perhaps go in search of the famous 'Big Five' in South Africa.

We'd love to welcome you on board this incredible voyage.

To me, 5-star luxury is how you are looked after and Fred. Olsen takes it to another level.

VOYAGE HIGHLIGHTS

WILDLIFE ENCOUNTERS

En route through the Americas, visit whale-watching hotspots like Mexico and Hawaii, where you could spot some fascinating cetaceans. What's more, Puntarenas is your gateway into the rainforests of Costa Rica, home to monkeys, sloths and toucans.

HAWAII

During four days in the island state of Hawaii, you'll have ample time to discover its volcanic landscapes, pristine beaches and lush rainforests. Here, you can also visit Pearl Harbor and embrace the spirit of aloha at a traditional luau, enjoying hula, music and local cuisine.

PANAMA CANAL

Borealis will also transit the legendary Panama Canal, passing through the Gatún and Miraflores locks. Admiring this feat of engineering that links the Atlantic and Pacific oceans first-hand is one of the great cruising experiences.

SOUTH AFRICA

The untamed beauty of South Africa awaits your discovery, too. A call into Gqeberha provides the gateway to once-in-a-lifetime wildlife experiences, such as seeking out the legendary 'Big Five'. Meanwhile, during two days in Cape Town, you can explore highlights such as the historic streets of Bo-Kaap and the V&A Waterfront, all set against the dramatic backdrop of Table Mountain.

JAPAN

Timed for fewer crowds and the chance to witness the late plum blossom season (Ume), your journey through Japan allows you to tick off many of the country's iconic experiences, from riding the bullet train in Osaka to capturing breathtaking views of Mount Fuji. There'll also be chances to explore ancient castles and temples, as well as immerse yourself in rich traditions, from tasting sake and sushi to meeting Geisha and experiencing an authentic tea ceremony.

HONG KONG

Borealis will spend a full day in the 'Pearl of the Orient', presenting you with the opportunity to witness the iconic skyline illuminated by the Symphony of Lights. This daily multi-media show is a signature icon of the region, symbolising its dynamic energy and contrasting culture.

UNFORGETTABLE SIGHTS

Joining Table Mountain and Mount Fuji on the list of unforgettable sights that await you, are the wonders of Singapore, particularly the futuristic Gardens by the Bay. Whilst docked overnight, you can marvel at the magnificent Supertrees lit up during the daily Garden Rhapsody light and music show.

FAR-FLUNG ISLANDS

Discovering the cultures of islands such as Mauritius, Phuket and Grenada offers contrast to venturing round iconic cities. Sampling local rum, swaying to the rhythms of calypso music and exploring Buddhist shrines and temples are great ways to immerse in the local ways of life.
